

YObject

```
graph BT; YResult --> YObject; In1[ ] --> YResult; In2[ ] --> YResult; style In1 fill:none,stroke:none; style In2 fill:none,stroke:none;
```

The diagram illustrates a hierarchical or dependency structure. At the top is a white rectangular box with a black border containing the text "YObject". Below it is a solid black rectangular box containing the text "YResult" in white. A single blue arrow points vertically upwards from the "YResult" box to the "YObject" box. Below the "YResult" box, two blue arrows point upwards towards it from the bottom left and bottom right, indicating that "YResult" depends on or is derived from two external sources.

YResult
